

# WE ACCELERATE THE VALUE OF YOUR BUSINESS

In today's fast-moving markets, companies need unprecedented access to diverse knowledge in order to make strategic moves with confidence. Lismore is an advisory firm designed on the premise that dramatic improvement in performance can be achieved only by reaching beyond traditional boundaries. To accelerate value for our clients, we connect them to relevant, future-focused expertise and apply that knowledge to shape rapid-impact and sustainable growth.

## Know what it takes to grow

With more 20 years of global experience, we have extensive hands-on experience growing and turning around business value. This practical expertise means we can identify your growth opportunities quickly and efficiently. Ultimately, we define success in real-world metrics, like revenue, EBITDA, cash flow and market share.

## Anticipate opportunities with our advisory network

Lismore connects businesses to the most relevant, forward-thinking ideas and trends through our carefully cultivated Lismore Advisory Network. This network of 400+ advisors gives you unprecedented access to industry knowledge and different thinking and enables us to frame your new business opportunities within the future context.

## Create rapid and lasting value

Access to our network allows us to create tailored strategies built on real opportunities and sound implementation plans. Everything we do—from our well-honed ability to simplify complexity, to our implementation of pilots and market tests—is about helping you create value faster. We identify and build real opportunities using tools and tactics that go far beyond PowerPoint presentations.

## Gain enduring confidence and access to knowledge

Our goal is to build the confidence and skills you need to fuel your own growth, while also developing the bench strength to sustain your competitive advantage. As our client, you can continue to tailor your engagement of advisors relative to your evolving business tasks. We can also support you in building advisory boards, so that you stay well engaged in the diagnosis and pursuit of market opportunities.

## THE LISMORE DIFFERENCE

Management teams and business owners seek our expertise in order to accelerate their business value and gain competitive advantage. For two decades, Lismore has advised public, private and non-profit businesses ranging from \$10M to \$3B across diverse industries and markets.
